SUMMER ENERGY SAVING TIPS

The days are becoming warmer and the flowers are beginning to bloom.

So many times we hear what we can do in cooler winter months to help save energy.

To the right are some things that we can do to save energy during the warmer months.

Avoid using appliances during peak hours

Open the windows at night, if possible

Prioritize cold meals over hot dishes

Avoid incandescent light bulbs

Enjoy more outdoor activities

Wear lighter and cooler clothes

How to Participate:

1. Contact a New Mexico—licensed contractor to install your new space heating equipment.
2. Review program eligibility and requirements with your contractor and the Raton Natural Gas Office.
3. Have contractor install the new equipment.
4. Submit your completed Renate Application, Certificate of Product rating, along with a copy of your equipment receipt and contractor invoice to the Raton Natural Gas Office.
5. For Low Flow Water Kit. Please call the office at: 575.445.3613
