## The Benefits of the Gas System *source: playbook.aga.orgg*

### Affordable:

#### **American Families Use Natural Gas Because it is Affordable**

Households that use natural gas for heating, cooking and clothes drying save an average of \$1,132 per year compared to homes using electricity for those applications.

### Environment:

#### **Proven Emissions Reduction Track Record**

Natural gas utilities are cutting emissions from their operations, helping customers shrink their carbon footprints and working with other industries to reduce their environmental impact.

### Reliable:

#### **Natural Gas is There When You Need it Most**

Through natural disasters and extreme weather events, the industry's underground delivery system provides reliable energy Americans can count on.

### Innovative:

#### **Ambitious Innovation Agenda**

The gas system's ability to integrate high-value energy sources, such as renewable natural gas and hydrogen, is a critical component of our nation's ability to reach ambitious greenhouse gas reduction goals.

### Safe:

#### **Safety is Our Top Priority**

America's natural gas utilities invest \$33 billion each year in enhancing the safety of natural gas distribution and transmission systems.

## IF YOU SMELL GAS...

# S

 SAFETY

Did you know that while natural gas is safe to use in your home, a **gas leak could be dangerous?**

The RNG natural gas is odorized. RNG delivers odorized natural gas in pipelines ranging in size from 1" to 6". You can recognize a natural gas leak in several ways, including an unusual hissing noise, blowing dirt for no apparent reason, an unusual dry spot in the ground or dead vegetation for no apparent reason, bubbling water, and frozen ground in warm weather.

**If you ever smell natural gas inside or outside your home, leave the area immediately!** Then from a safe distance, call 911 and then call Raton Natural Gas Company at 575.447.0088.

*RNG is available 24 hours a day every day of the year at 575.447.0088. We'll investigate and let you know when it's safe to return.*
